Thank you for participating in the Forestry Challenge Championship. Without your dedication to the program, this event would not be possible. We would like to improve this event in the future, and you can help by completing this evaluation form. ***If you need more room, want to explain an answer, or let us know anything else, use the backside!*** Thank you.

2. How did this Championship event compare to the event you attended in the fall?

BETTER 1 WORSE 1 SAME 8 OTHER 1

"It was super rushed due to constrained time & other unforeseen circumstances (road work) But it was still incredible. I think having a 2 day championship is still best."

"For our first championship experience it was great! Definitely some room for improvement: length and test, but I believe it was an extremely valuable experience for my students!"

3. Did you like the Avenza app? How do you think we should best utilize this app in the future?

YES 8 NO 0 OTHER/DIDN'T WORK 4

"I love the idea of getting students to use the app, however, we needed more training and practice. We did not know how to use it—but I feel like it'd be really valuable in the future."

"I like the app but wish students could have received training on how to utilize it for their data collection. Maybe it could be part of the training at the regional events."

4. We are considering giving equal value to the test and the presentation for future Championship events only. What do you think of this idea?

YES 5

NO 4

INDIFFERENT 2

"I think this is a good idea. The field test is difficult and draining, and these students are good at presenting. I also think making it equal puts more value on analysis and decision making based on data/focus topic."

"I think this is a great idea since all teams have equal opportunity for preparing the presentation but might not all have the means to practice using the equipment on their own."
