## **Office Hours**

Our office will be open: Wednesday and Thursday, 9am-4:30pm. Friday, 9am-6pm. Our phone number is 831.338.2134. If there is anything you are in need of or if you feel you are having a need unmet, please come and talk to us!

## **Guest Service Hours**

Our Guest Service staff is here to help you with whatever need you might have. They are available from the time you arrive until 11pm daily. The best way to get a hold of the staff is by filling out a request card (available in each lodge, cabin and meeting room and at the board) and returning it to the Guest Service board which is located between the bathrooms on the first floor of the Administration Building near the bookstore. The cards are checked every 45 minutes. If you have a more immediate need, go to the office it is open. If it is not, use the radio in the First Aid Station. There is a radio monitored by the Guest Service Staff while they are on grounds.

## **Emergency Contacts**

If you should have an emergency in the middle of the night and need to get a hold of staff there is a phone in the First Aid station. Our answering service's number is 831.429.7889. This number will put you in touch with a full time staff person who will be able to help. If it is a medical emergency, please call 911 first and then this number to alert our staff.

## **In the event of an emergency (like a natural disaster etc)...**

Our gathering place is the Meadowview Lawn, which is located near the Tabernacle.

## **Pacing Contest**

The goal of this contest is to pace a 66 foot distance without the use of any measuring device. To practice for this contest, mark a 66 foot distance on a sidewalk or parking lot. Stand with your heels on one line and walk with a comfortable step until your toes touch the other line. Once you know how many steps (or paces) you walk, try it without the lines. Then, measure your distance to see how close you are. Note: you will need to know how to do this anyway in order to measure trees using only a Biltmore stick.

Each school will be given two pieces of masking tape and a pen to mark the tape with their school name. Each school gets one entry. The school that can pace a distance closest to 66 feet (either over or under 66 feet) wins the contest, and takes possession of the coveted "board foot" traveling trophy.

The Pacing Contest will be during non-testing, or free time, on Friday.

## **2017 California Forestry Challenge Rules**

1. Students enrolled in grades 9 through 12 are eligible to participate. Community college students may participate if the facility can accommodate them, as determined by the FC coordinator.
2. Teams will consist of two to five students from the same school, home school, tribe, or scouting group. More than one team may enter from each school as space permits. There may be a need to restrict the maximum to 10 students per school. Requests to bring more than 10 students will be considered on a case-by-case basis.
3. An adult advisor must accompany each team. The advisor can be a teacher, staff member, or approved parent from that school. One advisor can supervise more than one team from the same school, as housing arrangements permit. If bringing only one adult, an additional adult of the opposite gender must be available on standby, to insure proper overnight supervision. Additional adults may be required to assure correct ratios, depending on the facility housing and school group size.
4. Schools that pre-register by May 31, 2017 will receive a 30% discount on the registration fees listed below. Schools that pre-register after May 31 will be expected to pay the registration fees listed below.
5. A completed registration form and registration fees must be received 12 days prior to the start of the event, unless prior arrangements have been made for delivery of payment at the beginning of an event. Registration fees must be paid for each person attending, including teachers and adult chaperones. Fees for advisors' infants and small children may be modified on a case-by-case basis.
6. Penalties for late payment of 10% of the invoice amount may be assessed for every 30 days past due.
7. Registration fees and due dates are as follows:
  - Shasta FC fees are \$105 per person, due September 15
  - Sequoia FC fees are \$150 per person, due September 29
  - El Dorado FC fees are \$110 per person, due October 13
  - San Bernardino FC fees are \$155 per person, due October 27
  - Santa Cruz FC fees are \$180 per person, due November 3
8. Student substitutions of the same gender are allowed up to the start of the event. However, there will be no refunds for students or advisors that cancel after the deadline, and registration fees for persons who do not attend may be held to cover 2018 registration fees.
9. Each participant must arrive with all applicable and signed Liability / Medical / Media Release Forms in order to participate. These forms must be turned in at registration, or received prior to the event.
10. Advisors and students will check in together, unless prior arrangements are made with the FC Coordinator.
11. Team advisors must be on site with their students at all times and will be responsible to assure that team members display proper conduct during the event and at the host facility. Rules applicable to the host site will apply.
12. Participants will report any illness or personal emergency to the Coordinator or designated staff.

13. If participants break or damage property of the FC or the host site, they are responsible for reporting the damage and paying for its repair.
14. All students must attend and fully participate in all scheduled activities.
15. Although advisors must attend all activities in order to properly supervise students, they are not allowed to actively participate in field testing or focus topic presentation preparation.
16. The use of personal electronic devices such as cell phones and I-Pods for communication is prohibited except during free time or in the case of an emergency. Phone cameras may be used during the fieldtrip.
17. Students must report to and stay in their assigned cabins or dormitories at the designated time at the end of each day. Facility housing will be described in advance, and if it does not meet the needs of one or more students, the advisor must ask for alternate arrangements in advance of the start of the event.
18. No students or advisors are allowed to leave the host site without approval.
19. Tobacco, drugs, and alcohol are prohibited during all parts of the event.
20. Transportation to, from, and during an event will be the responsibility of each participating team, unless transportation is provided during an event.
21. The FC has two parts: a Field Test and a Presentation. The two parts will be scored separately. The Field Test will be worth 60% and the Presentation will be worth 40% of the total score.
22. The Field Test will be comprehensive in nature, with many questions using props and tools such as tree specimens and forestry equipment. One test key will be provided for each school at the conclusion of the testing period, to be returned by the end of the testing day. The FC Coordinator or designee will be available to answer questions.
23. Test questions will be devised using the FC Learning Objectives and reference materials linked to the Objectives as a guide, but are not necessarily limited to those items. Knowledge of basic ecological concepts and information presented during the field trip and field training may be tested as well.
24. Students will not be allowed to use their own reference materials during the Field Test. All materials needed during the Field Test, including identification keys, reference materials, and equipment, will be provided at the testing stations.
25. Any and all written and electronic materials teams bring to the event and gather while at the event may be used to prepare the Presentation. Laptop computers will be used, and there will be equal access to wireless internet. Hotspot devices will not be allowed unless being used to provide equal internet access to all teams.
26. Each team's Field Test and Presentation scores will be totaled, and overall place awards will be given accordingly. All participants will receive a Certificate of Participation.
27. Students and advisors will be asked to complete an evaluation form at the conclusion of the event.
28. Grievances must be submitted in writing to the FC Coordinator by the end of the review period immediately following the Field Test or the Presentation portion of the event. Grievances will be reviewed by the Coordinator, and discussed with involved judges and/or volunteers. The Coordinator's decisions are final.
29. FC rules are subject to change by the Coordinator. Any and all changes will be explained in advance to all teams and advisors.
30. Any infraction of any of the FC Rules could result in disqualification and/or dismissal from the event and the host site.

### Important Information about Field Testing:

- \* Testing stations will be 40 minutes each with 5 minute rotations in between.
- \* Teachers will travel in the same rotation with their team, but may not interact with team members at any time during the testing periods. They may, however, look at a blank copy of the test, provided by the person in charge of the test station.
- \* Teachers need to be aware of the route to the next station and will be responsible for getting their group of students there on time.
- \* Teams cannot use notes, written materials, or forestry tools except those given to them at the stations.
- \* Teams are responsible for bringing their own clipboard and calculator.
- \* Students will return all tools before moving to the next testing station.

At the end of all testing, one Test Key will be provided for each school for review, and participants will have an opportunity to revisit the stations if there are any questions. The test keys will be due back Friday at 9:30 p.m.
