

Complete for all guests no earlier than 24 hours before arrival by a healthcare professional

Guest Name: \_\_\_\_\_ Date & Time: \_\_\_\_\_

**1. In the last 10 days, have you had any new onset of:**

- Fever (>100.4F/38C)
- Cough
- Shortness of breath No
- Chills
- Muscle pains Yes  (Please circle all that apply)
- Sore throat
- Nausea/Vomiting
- Diarrhea
- Rash (If you have eczema, is this a different type of rash?)
- Head or body lice
- Positive COVID-19 test result

*\* For guests with COVID-19 symptoms within the past 10 days, it is recommended that a negative COVID-19 antigen or NAAT/PCR test taken after the onset of symptoms is provided (Please note that if a camper is sick at camp, they may be tested by the Health Center staff for COVID-19. Any camper who tests positive for COVID-19 while at camp or has a fever as determined by our camp nurse will be sent home.)*

***\*\* If a guest has a fever, vomiting, or diarrhea within 24 hours of arrival, they must not attend, regardless of a COVID-19 test result or vaccination status.***

**2. Have you been exposed to someone with a communicable disease in the past week? Yes  No**

Explain: \_\_\_\_\_

***\*\*\* Guests who have been within 6ft of a POSITIVELY TESTED COVID-19 person for more than 15 minutes in the last 7 days before camp are considered a "Close Contact."***

*Close contacts are required to obtain a negative Antigen test 24 hours or less before arrival at camp, regardless of vaccination status. The healthcare professional doing this screen needs to verify the results, and the parent needs to have a test done before they come up and bring the results to our nurses. Hume is not able to give COVID-19 tests upon arrival.*
