MORE LIKELY 37 LESS LIKELY 3 NO CHANGE 29

8. If you answered "No Change" on the last question, is it because you are already interested in a career in forestry, logging, or natural resources? YES **15**/ NO **32**

9. Please provide a one sentence “testimonial” about the Forestry Challenge:

The Forestry Challenge not only taught me insight about the jobs of foresters, but it allowed me to connect with both the forest and my team.

A great experience for anybody that has an interest in forestry! or has never had an introduction to the forest is wonderful guys and a beautiful community you become a part of.

Incredibly fun and immersive experience.

If you like outdoors and academics, this will be real fun. Be ready to do a lot of work in a very short amount of time, lack of sleep, and overall a nice time being outdoors.

Forestry Challenge gives students a chance to not only learn about but experience the forest. It spreads more information about the forest to those in the community creating a needed bigger group of knowers in the world.

Forestry challenge is an exciting way to get involved with the forest, make new friends, and learn about what it takes to be a Forester.

It was a wonderful experience that made me really think about studying and pursuing a future forestry when I graduate. Not only is this challenge amazing if you want to get into forestry but, If you just want to spend more time outside and learn about nature it would be a great opportunity.
