4. What was your favorite non-academic part of the event and why?

Food **4** Free time **4** HELO **2** Night Hike **2** Camp Environment **2** Other teachers **2**

5. Please provide a one sentence "testimonial" about Forestry Challenge:

Always a great hands-on learning experience and friendly competition at Forestry Challenge.

It was a great experience for students to try on careers that are not often spoken of. I love seeing my students step out of their comfort zones and discover new things.

This is the best hands-on experience and competition for high school students to participate in!

Great hands-on real-world experience for students to gain knowledge and appreciation for the forestry industry!

Great way to put practical experience to natural resource curriculum.

I bring my kids here each year because they learn about what forestry is and how much they learn and open their eyes to careers in the forest.

I know my students have learned a lot and they will use this knowledge in the future.

This is the best program to give kids an opportunity to explore careers in forestry in a fast paced, challenging environment. They learn so many valuable life skills too, like teamwork and collaboration.
