Forestry Challenge College Credit
Feather River College Enrollment Process

Welcome to the Forestry Challenge! Students participating in this program are able to sign up for a 1-unit college class through FRC, to get college-level science credit for this experience. California high school students can enroll in community college classes for FREE, so it's a great way to get a 100% free start on accumulating college credits.

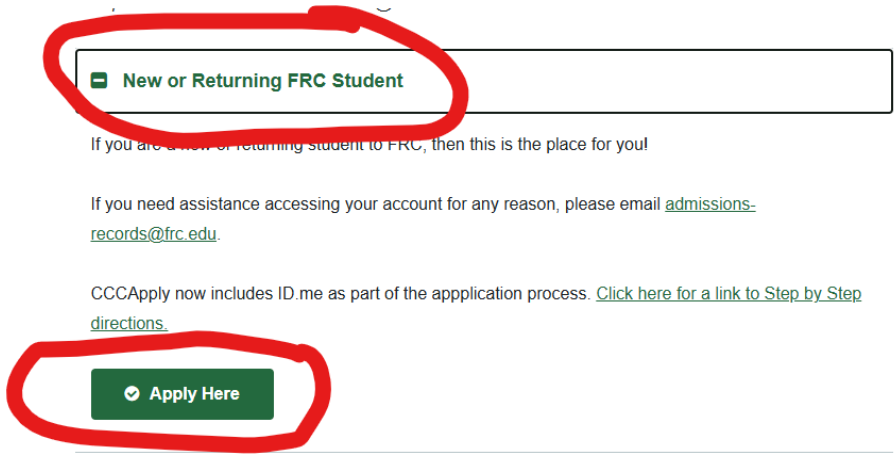
How Do I Enroll?

You will need to complete two processes

1. **Complete the form shared with you by your teacher.**
    - Requires a signature from student as well as high school principal and parent.
    - MUST include name, CA resident address AND FRC Student ID number (9 digit number starting with 900) OR Application number (8 digit number starting with 3 or maybe 4)
2. **Apply to FRC online to get a Student ID (or at least an application number).**

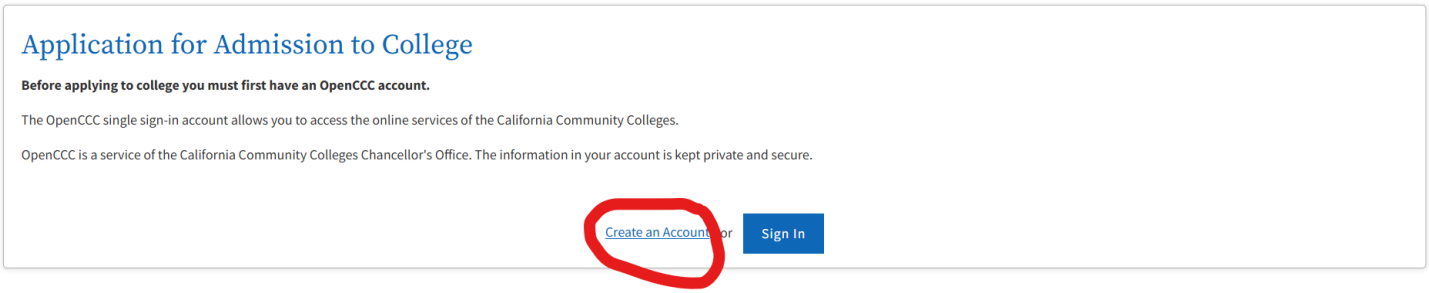
STEP 1 – Go on the FRC website www.frc.edu and hit the big green "Apply" button on the top right.

STEP 2 – Scroll down the Admission and Records website and choose New or Returning Students (**NOT** High School Student) and hit he big green "Apply Here" button.

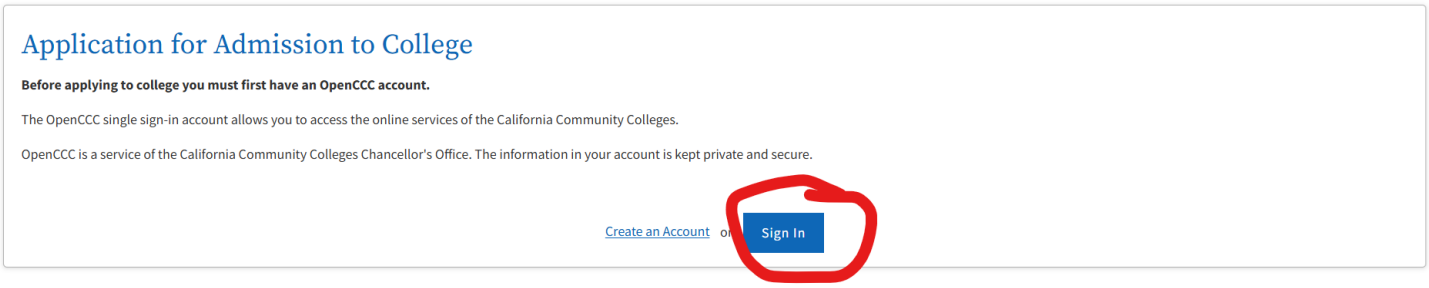


STEP 3 – Create a CCC Apply Account. *This account allows you to apply for and enroll in CA Community Colleges across the state.*

- Enter and Email Address
- Contact Info
- Personal Info – Name, Date of Birth
- Credential – Set a Password
- *Note: If you have previously taken a course at another CA Community College, you may already have a CCC Apply Account. You can retrieve a forgotten password, with account email info.*



STEP 4 – Once you have a CCC Apply account, hit the blue "Sign In" button to submit an application to enroll at Feather River College.



- Use your email & password to Sign In
