6. Please provide a one sentence "testimonial" about Forestry Challenge:

A really great opportunity for kids to develop skills /interest in the forestry career path.

The Forestry Challenge is one of the most engaging student programs out there. More learning has occurred in 3½ hands on days than in 3½ weeks of regular classroom teaching.

Forestry Challenge is a beautiful, eye-opening experience for students that provides them a real and hands on approach to working in the field of forestry and natural resource management.

Forestry Challenge was a fun experience for our students and our teachers. The balance of both skill building and data analysis was a great way for our students to experience the real world applications of their work. I can't wait to bring teams back next year.
